

How K-LOVE serves you as a resident of the local community.

K-love would be a great loss if replaced. K-love is one of a very few radio stations that cater to what I want from a radio station. I am able to allow my children to listen to it with out having to censor it.

The effect on the local community if K-LOVE were to be displaced by an LPFM broadcaster providing other programming would be great. Too many radio stations are getting raunchier and pushing the line of decency. K-love is one of very few that I can trust to continue to bring me great music with out the cultural influence.

The service provided by K-LOVE is in the public interest and should be encouraged by the FCC.
